- Must have an INTEL chip
- Leopard Operating system 10.5
- IMAC – Aluminum series ok
- MacBook and MacBookPro OK
- PowerBook – NOT OK
  
- 4 gig memory recommended, 2 gig minimum
- Windows XP, Vista or 7 (approx \$200)
- Parallels – a virtual pc program (approx \$80)

### *A Note about Customer Support*

*An Apple-Mac will not support a mini CD. When you purchase your Mac, please contact us for a regular sized CD.*

*Williamson Enterprises, Inc. will continue to offer our regular customer support and upgrades. If you have a technical issue regarding setting up Lodge-ical™ on your Mac or if you receive an “Apple-Mac” error while using Lodge-ical™, we will not be able to assist you.*
